

THE LEGISLATURE.

The Chamber of Commerce Discusses Sanitation and the Standard Oil Company.

PHYSICIANS GIVE THEIR VIEWS

The City Council Holds a Long and Important Session on General Business.

There was a full attendance at the session of the chamber of commerce this forenoon, the audience being drawn by the expected discussion on the new cemetery site and the general sanitary condition of the city.

After the opening of the session and the reading of communications an important resolution was introduced and after comment adopted as follows:

"Resolved, that a committee of the members of this board be appointed by the chair to confer with the representatives of the Standard Oil company for the purpose of ascertaining what provisions are to be taken and what provisions are to be made to guard against the possibility of any disaster that may occur to our dock property in case of a fire at the warehouse now being constructed at their slip." The chair appointed as the committee Messrs. Phelps, Bradley and Wallbank.

It was realized that a fire starting at the new warehouse of the company where it is to be stored a vast quantity of oil both in barrels and in bulk, would endanger property adjoining consisting of numerous grain elevators and contents, great coal and merchandise docks, and other property, in all worth many millions of dollars and that such fire would be extremely hard to quell, and it was believed that some knowledge should be had of the possibilities of the oil company regarding it. Hence the resolution. There was brought up the cemetery matter. J. D. Ray spoke in favor of the present location east of the city and more than two miles back from the lake and described it topographically. The location was opposed by Mr. Phelps, who believed that the cemetery then would contaminate the lake, that it would be expensive to get it on an account of its great distance from town, and that it was too close to town for a cemetery anyway, and would be in the heart of the city in ten years. He favored a location up the river where the drainage would be in St. Louis river, and come to the lake from the west. Physicians present believed the danger to towns from cemeteries was exaggerated and knew of no general epidemic traced to them, nor did they believe that it was gravely soil of sufficient depth would pollute water 200 feet away, much less two and one-half miles. Interesting facts were brought out regarding many bodies exhumed here in a petrifaction or semi-petrified state and strong endorsement was given to cremation. The present location was endorsed by the chamber.

Discussions followed regarding one of the most important matters ever taken up by the chamber, the general sanitary condition of the city. The increase in the salary of health officer and the securing of a man thoroughly conversant with the broader details of public health and sanitation and other suggestions were given to the following resolutions were then passed:

"Resolved, That the present sanitary condition and arrangements of this city are wholly inadequate to its needs, and are unsatisfactory to the people, and the administration of the law relating thereto is inefficient and unworthy of a city possessing the population, wealth and intelligence of Duluth. Resolved, that a committee of five, composed of physicians and citizens, be appointed to investigate and report upon the present and future sanitary provisions necessary to secure the health and welfare of our citizens."

The chamber adjourned.

There was a full attendance of aldermen at last night's session, and doubtless before the minutes were read many of them wished themselves home again for Clerk Budden read steadily for an hour and his reading was none of the slowest. Communications as follows were referred to the proper committees. From the cemetery association asking for the improvement of the old Vermilion road from Bench street to cemetery from Duluth, Wis., asking for a copy of the city charter. From property owners asking change in grade of Second street at First avenue east; from C. C. Sater asking removal of 100 cords of stone from the Duluth lot and from property owners asking grading of alley below Fifth street east from Lake avenue. The board of works reported the appointment of Geo. T. Hughes as clerk, the completion of sewer contract on Third street between Lake avenue and Fifth avenue west. A petition of Dr. S. S. Wallbank for grade of Michigan street and Third street, R. P. was referred to the board. It was recommended that the report of the commissioners who assessed damages on Connecticut avenue be adopted. Certain already mentioned contracts were confirmed and resolutions ordering the grade of Fifth and Sixth avenues west were laid on the table for a week. Estimates to various contractors amounting to about \$50,000 were ordered paid and \$50,000 was transferred from general to improvement fund. Contract for tearing down the old risk was authorized to be let to A. W. Shaw for \$107. Five commissioners were authorized to purchase another hook and ladder truck. An ordinance authorizing the issuance of \$185,000 bonds was passed.

Sixty-eight liquor licenses were granted. The Gas & Water company was authorized to make connection with flushing tanks whenever deemed necessary by the board public works, and to place large and dry hydrants on Fourth street for four blocks easterly of Lake avenue.

THE BALL PLAYERS.

Where do the professional players come from? Chicago has over fifty-two amateur clubs.

B. F. Myers of the Duluth Boat club, has been made captain of the Minnesota and Manitoba Rowing association.

Mark Dahlwin is in Chicago again and is getting into shape for work. He may be able to go with the Chicago on the next trip east.

It is said that the Milwaukee club as well as the Chicago have been losing money and there is talk of both clubs being transferred or dropped from the association.—St. Paul Dispatch.

Sunday one ball in Minneapolis has been dropped. Judge Lehen issued a permanent injunction two weeks ago, and on June 30 held Manager Gooding for contempt for playing ball the week before. It is understood the franchise will be sold to the highest bidder this week. This will in all probability take another club out of the Western League.

ON THE DIAMOND.

A dispatch says:—"It is said that the Western base ball league is about ready to break up. All the clubs except Kansas City are deeply in debt and are running behind all the time. St. Paul is \$2,000 behind, Chicago could not get even on less than \$4,000, Minneapolis is said to be between \$4,000 and \$5,000 out, and Omaha and Des Moines are behind to the extent of \$2,000, or were so up to July 4. Milwaukee Manager Hart says \$2,000 short at expense so far, and the outlook all around is a bad one."

The report is denied, naturally enough, in St. Paul, but there seems little doubt of its truth. Duluth does not harbor ill feelings against any but of the Western league, was started by an ambitious rival.

manager Barnes, of St. Paul, whom Duluth had assisted and held up in every way—and started in order to freeze this city out, and if it should break up prematurely no one here would weep to any great extent.

THE LEGISLATURE.

The Chamber of Commerce Discusses Sanitation and the Standard Oil Company.

PHYSICIANS GIVE THEIR VIEWS

The City Council Holds a Long and Important Session on General Business.

There was a full attendance at the session of the chamber of commerce this forenoon, the audience being drawn by the expected discussion on the new cemetery site and the general sanitary condition of the city.

After the opening of the session and the reading of communications an important resolution was introduced and after comment adopted as follows:

Resolved that a committee of the members of this board be appointed by the chair to confer with the representatives of the Standard Oil Company for the purpose of ascertaining what precautions are to be taken and what provisions are to be made to guard against the possibility of any disaster that may occur to our dock property in case of a fire at the warehouse now being constructed at their ship.

The chair appointed as the committee Messrs. Phelps, Bradley and Wilbank.

It was realized that a fire starting at the new warehouse of the company where is to be stored a vast quantity of oil both in barrels and in bulk, would endanger property adjoining consisting of immense grain elevators and contents, great coal and merchandise docks, and other property, in all worth many millions of dollars and that such fire would be extremely hard to quell, and it was believed that some knowledge should be had of the possibilities of the oil company regarding it. Hence the resolution.

There was brought up the cemetery matter. J. D. Ray spoke in favor of the present location east of the city and more than two miles back from the lake and described it topographically. The location was opposed by Mr. McNeill, who believed that the cemetery would contaminate the lake, that it would be expensive to get to it on account of the great distance from town, and that it was too close to town for a cemetery anyway, and would be in the heart of the city in ten years. He favored a location up the river where the drainage would be in St. Louis river and come to the lake from the west. Physicians present believed the danger to towns from cemeteries was exaggerated and knew of no general epidemic traced to them, nor did they believe that graves in it gravely and of sufficient depth would pollute water 100 feet away, much less two and one-half miles. Interesting remarks were brought out regarding many bodies exhumed here in a petriol or semi-petriol state and a strong miasma was given to the air.

The present location was endorsed by the chamber.

Discussions followed regarding one of the most important matters ever taken up by the chamber, the general sanitary condition of the city. The interest in the sanitary condition of the city and the securing of a more thorough cleaning was commended. Details of public health and sanitation and other suggestions were made. The following resolutions were then passed:

Resolved, That the present sanitary condition and appearance of this city are wholly inadequate to its needs, and are unsatisfactory to the people, and the administration of the lake relating thereto is inefficient and unworthy of a city possessing the population, wealth and intelligence of Duluth.

Resolved, That a committee of five, composed of physicians and citizens, be appointed to investigate and report upon the present and future sanitary provisions necessary to secure the health and welfare of our citizens.

The chamber adjourned.

There was a full attendance of aldermen at last night's session, and doubtless before the minutes were read many of them visited themselves home again for Clerk Baidwin read steadily for an hour and his reading is none of the slowest. Communications as follows were referred to the proper committees. From the cemetery association asking for the improvement of the old Vermilion road from Bench street to cemetery, from Gallapola, Ga., asking for a copy of the city charter, from property owners asking change in grade of Second street at First avenue east, from C. C. Salter asking the removal of 100 cords of debris from the Bethel lot, and from property owners asking grading of alley below Fifth street east from Lake avenue. The board of works reported the appointment of Geo. T. Hagler as clerk, the completion of sewer contract on Third street between Lake avenue and Fifth avenue west. A petition of Dr. S. S. Walbank for grade of Michigan street and Third street, R. P., was referred to the board. It was recommended that the report of the commissioners who assessed damages on Fourteenth avenue be adopted. Certain already mentioned contracts were confirmed and the resolutions ordering the grade of Fifth and Sixth avenues were laid on the table for a week. Estimates to various contractors amounting to about \$20,000 were ordered paid and \$50,000 was transferred from general to account fund. Contract for tearing down the old rink was authorized to be let to A. W. Shaw for \$197. Five commissioners were authorized to purchase any other look and ladder truck. An ordinance authorizing the issuance of \$185,000 bonds was passed.

Sixty-eight liquor licenses were granted. The Gas & Water company was ordered to make connection with flushing tanks whenever deemed necessary by the board public works, and to place lamps and fire hydrants on Fourth street for four blocks easterly of Lake avenue.

THE BALL PLAYERS.

Where do the professional players come from? Chicago has over fifty-two amateur clubs.

R. F. Myers of the Duluth Boat club, has been made captain of the Minnesota and Manitowish rowing association.

Mark Baldwin is in Chicago again and is getting into shape for work. He may be able to go with the Chicago on the next trip east.

It is said that the Milwaukee club as well as the Chicago has been losing money and there is talk of both clubs being transferred or dropped from the association—St. Paul dissent.

Sunday league ball in Minneapolis has been stopped. Judge Lechten issued a permanent injunction two weeks ago, and on June 20 held Manager Gooding for contempt for playing ball the week before. It is understood the franchise will be sold to the highest bidder this week. This will in all probability take another club out of the Western League.

ON THE DIAMOND.

WEST DULUTH.

WEST END HAPPENINGS.

WHAT HAS TAKEN PLACE IN WEST DULUTH DURING THE LAST TWENTY-FOUR HOURS.

Born to Adolph Knoblach, Jr., a female child. C. O. Nelson handles the cigars.

Just received 100 cases of strawberries at Swannstroms, will be sold cheap.

The confirmation meeting Saturday night promises to be a grand success. The Alice's Point band will furnish the music.

C. O. Hall's five children are all sick with scarlet fever. It is to be hoped that their illness will not prove serious.

The excavation for the addition to the Clarendon house is nearly finished and work on the foundation will probably commence tomorrow.

A large number of tickets have been sold for the Grace M. E. church moonlight excursion to-morrow evening on the steamer Ossifrage. Refreshments will be served aboard the boat.

C. E. Donnell's real estate agency disposed of three lots yesterday in Brookdale division. Nos. 17, 20 and 21. Two of these lots will be immediately improved.

The Third street sidewalk between Superior and Michigan streets has been replaced and those who have waded through the mud that usually adorns that part of the street, are correspondingly happy.

The inventor of a new electric light visited the national iron works this morning, trying to interest Superintendent Pattison in a plan for this city. It is stated that the invention has been tried at Port Arthur and works satisfactorily.

PERSONAL. B. J. Summerfield, of Clonet, is visiting his brother, the Walbank block clothier.

Tom Fwe and Mike Fedge started for Minneapolis this morning for a two weeks stay at the Twin city summer resorts.

Mrs. C. J. Donnell, who has been visiting her son, C. E. Donnell, for the past five weeks, has returned to her home in southwestern Kansas.

Chas. Bronson and wife have returned to St. Paul. Mr. Bronson's brother, who has been visiting here with him, left for New York this afternoon.

MICHIGAN STREET.

WORK WAS COMPLETED ON THE EASTERN PORTION THIS MORNING AND WILL SOON COMMENCE MAKING TWENTY-FOUR AVENUE.

Work was commenced this morning on Michigan street near Twelfth avenue. The contractors visited the street near Twelfth third avenue this morning, but no men have been put at work there yet. The heaviest work on the street will be at Twelfth avenue west, the rock at that point requiring nearly as much labor for its removal as did the Superior cut, near 17th Avenue, a steam drill has been taken to the place but has not been used yet, only some light work being done to-day.

FOR TOURS BENEFIT.

The meeting for the purpose of forming a business men's association will take place this evening in the basement of the Presbyterian church. It is imperative that every business man of West Duluth, and every one who has West Duluth's future mercantile prosperity at heart, should attend this meeting. Prof. Phelps has consented to be present and address the meeting.

NEARLY FINISHED.

It is probable that Saturday night will see the grading of the St. Paul & Duluth for the short line double track finished. Only a short distance, not over a quarter of a mile, remains to be completed. A few slight alterations will probably take place before the contractors commence to lay the iron. Trains will be running over the new track by the first of August.

WEST SUPERIOR.

SHORT STOPS.

Ann Davis, left yesterday for a few day's visit with his parents at Waterville, Wisconsin.

LOST: Gold watch and chain Friday evening in out house in rear of Twohey Bros. store, Third street West Superior. The finder will play here at the American House and receive a liberal reward.

The main sewer on Tower avenue is completed, and the crews commenced work on Belknap avenue. Messrs. Voynigen & Gleason, the contractors, have pushed the work very rapidly considering the obstacles they have met with in the way of extremely bad weather etc. The streets at no time have been very badly torn up.

A GREAT STIFF.

Considerable excitement was created here yesterday by the arrival on the morning express of a large box resembling very closely a coffin case, addressed to an unknown firm in this city. The box was left on the sidewalk in front of the express office. Public curiosity and suspicion was soon at fever heat, which was intensified by the terrible stench that was said to emanate from the ill-omened box, which could be smelled several blocks away. It was stated by one that was present, Chief McKee was notified of the affair, and he immediately summoned Health Officer Connor, Grege, of the Ways, and several others who at once proceeded to open the casket, which, to their astonishment and disgust, was found to contain about one hundred picks and shovels that had been shipped to a railroad contractor. Seven years will probably elapse before the coffin is buried.

THE HOSE COMPANY.

Hose company No. 1 held a meeting last night and decided to disband from the fact that Chief Crankshaw has caused several new rules to be introduced which conflict materially with those made and adopted by the company some time since. The city council was informed at their last meeting of the trouble existing, and a request was made that they take immediate action in having matters adjusted, which appeal, strange as it may seem, was ignored.

The meeting last night was very enthusiastic one. Remarks were made by Messrs. Stow, Snick and others all of whom earnestly requested the company not to disband, but all to no purpose as the members are unanimous in the opinion that an injustice has been done them. In view of this a motion prevailed that unless the village council acceded to their demands and make an effort to alleviate their grievance before August first, that they would cease to operate as firemen.

This is a matter that the people in general are deeply interested in, and public sentiment seems to be in sympathy with the firemen, as it is generally conceded that the city of Superior can ill afford to allow this company of experienced firemen to disband, from a cause that can be remedied with but little exertion.

SUPERIOR SCHOOL-MA'S.

The school board held a meeting last evening for the purpose of hiring teachers for the several schools in West Superior. There were fifty applications for the ten positions, out of which number the following were selected:

Principal, W. E. Langley; Principal of Middletown school, W. V. Strickland; Miss Flora Tiekner, assistant; Blanche Wood, Ella Kinne, M. M. Stack, Laura Thomas, Elizabeth Brown, Jennie Burk, Jennie Thomas.

It is probable that other representative Duluth citizens will attend and make address. Many an opportunity has passed to build up West Duluth's business, only on account of the lack of unity among those interested in West Duluth property. Working together, there is no reason why the West End should not contend successfully against the rest of the city in locating manufacturing, etc. Let everyone attend this meeting to night and make an effort to form this much needed association.

Notice.

Is hereby given, that we will not hold ourselves responsible for board, time, checks, due-bills or claims of any kind for money or material supplied to any sub-contractor or party in our employ except on personal or written orders given by the undersigned, or coming from our office in due form. Please take notice and avoid any misunderstanding.

WOLF & THRAU.

Duluth, June 20, 1888.

ROYAL BAKING POWDER.

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kind, and can be used in competition of the multitude of low test, short weight alums or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 100 Wall street, New York.

ONE CENT A WORD COLUMN.

Short advertisements of a miscellaneous nature inserted in this column for one cent a word each insertion. No insertion less than ten cents. THE EVENING HERALD is the people's paper and wishes the people to use its columns. Business men will find this column one of the best through which to reach the public. No accounts of advertisements in this column are kept; they must be paid strictly in advance.

WEST DULUTH.

MEMORANDUM.
ITEMS INTERESTING TO THE PEOPLE OF WEST DULUTH.

West Duluth is being canvassed for subscriptions to the Daily Herald.

The pile driving for the foundation of the Imperial mills was begun to-day.

C. T. Smith, a resident of the capital city, is registered at the Clarendon house. The West End band has been engaged to furnish music for the railroad meeting.

The Methodist moonlight excursion takes place this evening; over 125 tickets have been sold.

A raft consigned to Hubbard & Vincent was brought into the bay this morning. It was towed from the Nemadji river.

Mr. Cramer, a St. Paul real estate broker who is visiting Mr. Jno. Ryan, is looking over his West Duluth property with a view to improvement.

Wolf & Tenax, the Michigan street contractors, have rented an office in the Dickerman block and will conduct their business from that place.

Formed at last.

The meeting of the business men last evening was a decided success, the association forming with a membership of over 30.

PERSONAL MENTION.
Robert Johnson, of Brainerd, is a visitor in West Duluth.

A number of the K. of P. lodge at West Duluth will attend the installation exercises of Gate City lodge this evening.

Dr. D. P. Bigger of Brainerd, chief surgeon of the Northern Pacific railroad, is visiting his friend, Dr. Magie, at West Duluth today.

The National Iron Works cast a cylinder cover for the propeller Servia this morning. The steamer blew her cylinder head out about a week ago.

A entertainment for the benefit of the Scandinavian Prohibition club will take place this evening at the K. of L. hall. Refreshments will be served, and literary and musical selections will be rendered.

The committee appointed to secure a location for the Swedish Lutheran Church are ready to report. The society's lot at the corner of 27th avenue west and 4th street, was considered by the members to be too far out of the way, therefore, the committee was appointed. They report favorably the lot at the corner of 27th and west second street, but it is said that a majority of the members 21th and west second street, if it can be had at reasonable terms.

The meeting held last evening in the basement of the Presbyterian church was a grand success, all the principal business men of the West End being present. Professor Phelps and Mr. Thompson, of the News, addressed the meeting, the import of their speeches being in regard to the help such associations had given to St. Paul, Minneapolis and Chicago, with comparisons between them and Duluth. After these remarks temporary officers were chosen, Mr. H. S. Lord as chairman, and O. E. Donnell as secretary and treasurer. The articles of organization were then read and were adopted as a whole. At the first regular meeting next Tuesday evening they will be adopted ready. The organization starts with a membership of over thirty, but at least that number more have signified their intention of joining. No regular place of meeting has been decided upon yet, but a committee has been appointed to secure quarters and as soon as they have been found, advertisements will be inserted in the papers. Permanent officers, including a secretary, who will have charge of the association's business, will be elected at the next meeting.

Tomorrow Night.
Admission 25c, 35c and 50c.

ELY'S CATARRH CREAM BALM.
A sufferer from catarrh of the head and throat, writes: "I suffered from catarrh of the head and throat for several years. The drooping into the throat was most distressing. My nose bled almost daily. Since first day's use of Ely's Cream Balm, my nose has not bled, my throat is cured, my head is clear, my eyes are bright, my voice is clear, my appetite is good, my sleep is sweet, my health is restored, my spirits are revived, my life is saved."—Wm. H. Davidson, with Boston Herald.

A particle is applied into each nostril and is absorbed. Price 25 cents a dozen; by mail registered, 30 cents.

For further information apply to

I AM STILL SELLING
Fine Residence Lots
AT \$100 To \$300 Each!
Between Oneota and Duluth.

I have a few blocks still unbroken which I can sell at special figures and on easy terms.

Single lots may be had without any cash down and three years' time to pay in by parties who will build. Lumber will be provided on same terms. Call or write.

WM. BARNETT,
1615 West Superior St., WEST END.

The Union Debenture Co.,
55 Congress and 40 Water Sts.,
BOSTON, MASS.

Capital Stock \$500,000.
Offers the Investment Bonds Herein Stated.

Briefly stated, these bonds are for Five Hundred Dollars each, payable ten years from date of issue, securing unequalled opportunities for saving and accumulating money, and all at a very moderate cost.

If paid quarterly..... \$5.00
If paid semi-annually..... 10.00
If paid annually..... 20.00

If after two or more annual payments the holder should for any reason discontinue further payments, the bonds will then be worth at maturity an amount equal to all the yearly payments made thereon, with compound interest at four per cent.

All funds, including interest receipts and payments on these bonds, are carefully invested in first mortgage on improved real estate, not exceeding one-third its unquestionable value, the whole with a Sinking Fund and carefully established therefor, being held for the redemption and fulfillment of the Investment Bonds.

Young men and women, clerks, laborers and book-keepers, many of whom are continually spending their money as fast as earned, are solicited to examine carefully the plan of these bonds and note the fact that \$500 per quarter, or \$1,000 every six months, or \$3,000 per year, will produce FIVE HUNDRED DOLLARS at the expiration of Ten Years.

This company negotiates real estate mortgage loans, affording all the advantages of paying in installments in weekly or monthly installments, and entitles in its plan all the essential features of Building and Loan Associations and co-operative banks. The company charges its usual commission for negotiating these loans.

ILLUSTRATION.
The following shows the working of a \$1,000 loan.
John Smith owning a lot worth \$500 is the holder of two Investment Bonds, and desiring to build a house on his lot to cost \$1,000 he would exempt his mortgage for \$1,000 to the company and assign his Investment Bonds as additional security, and as the building process the Company would advance him the money less the commission, above named, and would charge him interest (say 8 per cent.) thus making the cost as follows:

Ten annual payment on two bonds..... \$500
Interest on loan for 10 years at 8 per cent..... 800
Total cost in 10 years, \$1,300

being \$100 per year, or \$10.00 per month \$1,000
At the expiration of ten years the bonds will be worth..... \$1,000
Deducted from total amount paid, leaves balance of..... 300

As interest of a \$1,000 loan for ten years which is \$80 per year, or 8 per cent, per annum. All loans must be approved by the local board, consisting of three persons to be selected by the Company, one of whom will be the local banker, who shall be chairman of the board.

Applicants for these bonds will be treated in the order of their filing with the chairman of the board. Loans are made in sums of \$250 and upwards, the Company reserving the right to decline or apply.

It is the custom of this Company to receive money on loans at any time, and borrowers can pay back at their pleasure, thus stopping interest as well as canceling the indebtedness. These extra payments on loans will not affect the loans.

The simplicity of this plan commends it to all borrowers, and its popularity is evidenced by a constantly increasing demand for loans on this plan.

S. H. The company will loan, at least, as much money as it receives from sale of Investment Bonds, interest, etc.

WEST DULUTH.

A TIME FOR REJOICING.

THE PEOPLE OF WEST DULUTH SHOULD IMMEDIATELY RISE UP AND BLESS THE HEAVENLY OFFICERS.

Information has been received in the West End that should cause unbounded joy among the inhabitants of Rice's Point, especially those who live near the business portion of west Michigan street. For a long time there have been rumors of the direct street line below Michigan street below Fourteenth and Sixteenth avenues west. The street from these places during hot weather has been nearly unbearable. They have probably caused a great deal of the sickness in that portion of the city. It is now understood that the city authorities have taken cognizance of these facts and that the chief of police has received notice to order their removal. In one week it is probable that these fever breeding places will be seen no more.

THE M. E. EXCURSION.

The excursion given by the young ladies of Grace M. E. Church last evening on the steamer Ossifrage was a grand success. A number of the prominent members of the First M. E. church were along; and by the time the steamer had touched at elevator D and Barnhart's dock, she had on board a large and merry party.

When she passed out through the canal, the excursionists began to be "rocked" in the cradle of the deep, and a few felt a slight touch of sea sickness.

Of moon light there was a little in the earlier part of the evening, but soon the crescent sank behind the western hills; still what need is there of a moon to those who sail under the myriad lights of that city which cannot be hid?

Ice cream was served in the cabin by the young ladies, and one of the most pleasing features of the hour was the presence of the West End band. To their generosity must be attributed much of the success and enjoyment of the occasion.

OUR INDIANS.

Dr. Givens, the physician of the Carlisle Indian industrial school is in West Duluth in a conversation this morning. He said that but few people realized the importance of the early solution of the Indian question. The government, he said, now appropriates \$1,200,000 where ten years ago only \$30,000 was appropriated. There are now five large industrial schools in this country, which with the reservation schools, have an attendance of over 15,000, the number of Indian children in this country being 40,000. The school at Carlisle is the largest Indian school in the United States. There are over 600 pupils there. All the common trades are taught, each one being obliged to work so many hours per day. Over \$1,800 was contributed by the Indian children towards erecting an \$18,000 building there. The money coming from wages they have earned by work on farms and at other employments. They have a fund of over \$600,000 saved from their wages. Several have entered the professions, and one Comanche boy has entered the ministry. He gave an eloquent address before the convention of the society of Christian Endeavor at Chicago a few days ago. The Dr. believes that compulsory education of the Indians will solve the Indian question.

THE WORK BEGINS.

Work was begun this morning at both ends of Michigan street. In some parts of the street between Sixteenth avenue and the street and first street, in depth from one to five feet, will have to be made. The rock cut near Twelfth avenue extends nearly 300 feet in length. The deepest portion being nearly twenty feet. The contractors have commenced filling in gullies, about twelve teams being at work. It is probable that a number of Michigan street business men will remove to Superior street, making that thoroughfare the principal one of West Duluth.

PERSONAL MENTION.

F. O. Shaw, of Eau Claire, is in West Duluth on business.

Dr. Givens, physician of the Indian industrial school of Carlisle, Penn., is in West Duluth.

H. S. Davis and wife have returned from a pleasure trip to Minnesota and other Minnesota summer resorts.

J. A. Quam, of Sheridan, Illinois, owner of Quam's addition to Ashland, and Mr. Edwards, Ashland, of the firm of Edwards & Quam, are looking over West Duluth with a view to future investment.

WEST END NEWS.

The Standard oil company's dock will be completed this week.

The Episcopal excursion this morning was well attended by West Duluthians.

A series of revival meetings are being held at the Swedish Methodist church.

A dance will be held in Sree hall this evening under the management of Mr. Ward.

The West End Republican club will attend in force the political meeting at the open house this evening.

A runaway occurred yesterday in West Duluth, the occupant, whose name is unknown, being thrown out, and his arm broken.

The ladies of the Swedish Baptist church will give a strawberry festival this evening in their church, at the corner of Seventh avenue and west First street.

The electric light system of West Duluth is in miserable condition, the lights going out last night about 9:20, leaving the business portion of the town in darkness.

It is said that wholesale slab stealing is being indulged in at the made land on Rice's Point. One party is said to have boasted that he was making \$10 a day at it.

The West Duluth business of the St. Paul & Duluth road is now wholly conducted at the Twentieth avenue station.

Agnes Brown having finished moving this morning, it is not known whether the telegraph office will be changed.

A fight occurred this morning near a saloon on Third street, in which some fine pugilistic ability was displayed. There were four in the party. One took offense at some remarks that the others made and immediately proceeded to knock two of them down and was just about to commence action on number three, when the arrival of the police prevented the continuation of the fracas. The pugilist was arrested and taken to the lockup.

WEST SUPERIOR.

STREET MUTTERING.

Mrs. B. P. Pew is visiting in Duluth. F. J. Kapplin, of Wabasha, is at the Tower.

M. C. Beck, of the Commercial, is in St. Paul for a few days.

A. W. Horton, returned this morning from Gladstone, Michigan.

Kelley Bros. formerly of Duluth, have opened a first class steam laundry on Broadway.

Rev. Mrs. Olympia Brown, the able woman's rights advocate, will speak at the Congregational church this evening at 8:30.

S. W. Lightbody, one of the proprietors of the popular dry goods firm of J. H. Wingate & Co., called this morning and of course subscribed for the Herald.

NEWS NOTES.

J. H. Agen, sold two lots in Kenwood Park yesterday to Clogget parties.

Thos. H. Fairfax, of Sioux Falls is in the city looking after his realty interests.

W. Blackstead, of Mitchell county, Iowa,

was among yesterday's arrivals in the city.

Geo. Clither & Co., have their new hardware store in the Gray building, fully opened and are running full blast.

G. F. Copeland, assistant superintendent of the St. Paul & Duluth railroad, was in the city this morning looking over the company's work here.

The dredging of Tower Bay slip is progressing rapidly. The channel will be ready for the largest boats to enter by the time the dock is completed.

Quite a number of West Superior people attended the installation of officers of the Gato City lodge K. of P., at Duluth, last evening. A general good time is reported by all.

Wm. Poney, of the New York hotel is having a well drilled. The progress of this well will be watched with interest by many, as a good well of water in West Superior is a thing highly prized.

WM. BARNETT,

1615 West Superior St., WEST END.

The Union Debenture Co.,

55 Congress and 40 Water Sts.,

BOSTON, MASS.

Capital Stock \$500,000.

Offers the Investment Bonds Herein Stated.

Briefly stated, these bonds are for Five Hundred Dollars each, payable ten years from date of issue, securing unequalled opportunities for saving and accumulating money, and all at a very moderate cost.

If paid quarterly.....\$5.00

If paid semi-annually.....\$10.00

If paid annually.....\$20.00

If after two or more annual payments the holder should for any reason discontinue further payments, the bonds will then be worth at maturity an amount equal to all the yearly payments made therein, with compound interest at four per cent.

If the ten annual payments aggregating \$200 are made, the bonds will then be worth the full Five Hundred Dollars each.

All funds, including interest receipts and payments on these bonds, are carefully invested in first mortgages on improved real estate, not exceeding one-third its unamortized value, the whole with a sinking fund especially established therefor, being held for the redemption and full payment of the investment bonds.

Young men and women of moderate means, clerks, laborers and book-keepers, many of whom are continually spending their money as fast as earned, are solicited to examine carefully the plan of these bonds and note the fact that \$200 per quarter, or \$800 every six months, or \$800 per year, will produce FIVE HUNDRED DOLLARS at the expiration of Ten Years.

This company negotiates real estate mortgage loans, affording all the advantages of paying indebtedness in weekly or monthly installments, and embodies in its plan all the essential features of Building and Loan Associations and co-operative banks.

The company charges a small commission for negotiating these loans.

ILLUSTRATION.

The following shows the working of a \$1,000 loan.

THE OIL WELL

DRILLS NOW DOWN OVER 500 FEET AND WORK PROGRESSING STEADILY.

At the Fond-du-Lac oil well, where work is progressive for Messrs. Fouts and others of this city, the steam drill has reached a depth of 500 feet and is still going downward. A very hard rock, resembling slate in all but its extreme toughness, was reached a day or two ago and is now being pushed through. Owing to its hardness, however, but small progress can be made and ten to twenty-five feet per day is all that is being accomplished. Indications of oil or gas are no stronger than for some time, though the oil experts at work state that the formation resembles in many respects that of the Pennsylvania oil districts and that this resemblance increases with the depth of the boring. The company intend to keep on to double the depth at present reached, even should there be no more favorable indications, and if there are, much further.

At the well, which is near the short line track of the St. Paul & Duluth road, between Fond-du-Lac and Thomson, are employed about a dozen men and the drill is worked by a large steam engine.

ON CHANGE.

DULL AND SLUMPY MARKET IN WHEAT TODAY.

The tendency of wheat was downward today at one time showing a drop of a full cent. Features were few and news was scarce there being nothing but the declining tendency of other markets. Wheat quoted here 3/4 off from the close but firm up to that point. Later after half an hour of inaction it was traded in a cent below former quotations.

Local receipts were 11,600 bushels, shipments were 12,514 bushels and cars on track were 7. Exports were 31,346 bushels.

Cash wheat did not sell, is held at August figures, July the same. August opened at 82 1/2 with the next transaction at 82 1/2. It ruled steady until 10:15, but after inaction sold at a slump at 81 1/2, later it firmed up at 81 1/2 and closed at 81 1/2. Sellers, September closed at 80 1/2, none sold, October at 81 1/2 and at 81, closing at 80 1/2. December sold at 82 1/2, fell off gradually to 82 1/2 where it closed, bid.

THE LOGS.

A track has been laid to the bay shore above Rice's Point so that cars can get out to the lower 15,000,000 feet of the Cloquet companies' logs. The hoisting apparatus bought for the Gray's Point logs will be in operation soon, and cars have been secured to take the logs back.

At Gray's mill on the end of Rice's Point several rats of the Cloquet logs have already been saved, and more will be cut during the season. The best of the logs of the Cloquet Lumber company will be taken back to their mill and the others cut here, Duluth having no band mills to saw fine grade lumber.

Saginaw parties have been securing on from ten to fifteen million feet of the C. N. Nelson company logs, but have not as yet, it is understood, come to any decision. If they are purchased they will be rafted from here the entire length of Lake Superior, ran down the Sault rapids and through the river into Lake Michigan and to Saginaw bay, a very long voyage.

REPUBLICAN RALLY.

A NOTED EASTERN SPEAKER TO ADDRESS DULUTHIANS ON THE ISSUES OF THE DAY.

At the opera house this evening Hon. Mahlon Chase, a well-known speaker of New York state, will address the people of Duluth on the issues of the coming campaign. Mr. Chase is well known to many in this city as a brilliant orator and a man having thorough knowledge of the subjects on which he will speak. He is one of the foremost Republicans of New York state. An invitation to be present is extended to all, whether Republicans or Democrats, and a crowded house is expected. A special invitation is extended to ladies.

THE BUCKEYE HATCHET.

A LARGE GATHERING OF THE
AND DEMOCRATS LISTEN TO THE DOCTRINES
OF PROTECTION.

The opera house was crowded last night by an audience representing both political parties and all shades of thought. There was also a generous sprinkling of ladies who appeared as interested as their brothers and applauded as vociferously.

Judge Stearns, president of the evening, started the ball and introduced the speaker, Hon. Mahlon Chace, whose appellation in the days of the war was the "Buckeye Hatchet," he being the true son of his father.

Judge Stearns made a short and pleasant speech of introduction, after which Mr. Chace was received with cheers.

The speaker prefaced his address with the remark that "whatever my speech may be, Harrison and Morton are all right."

He then proceeded to the dismal side of the tariff. It is with a full heart that I have gazed on this newest city on the American continent, the flower of that economic system that has placed America in the front rank of nations.

Cleveland has been a good president because the country is not ruined, we are told, true the country is too great, too grand for the hand of one man, however powerful he be to kill, and there has been too much power between him and his purposes.

In 1844 the democrats sought to, and did enact a tariff for revenue only. The year before we had produced 1,615,000 tons of iron, England 770,000 tons.

For sixteen years this nation had the very best opportunities for development. For the first time England had opened to us her ports. We carried 55 per cent. of our products in our own ships. We had 1,000,000 more tonnage than she. There was famine in Ireland; war in Europe; peace at home.

Yet in 1851, after sixteen years of a democratic tariff for revenue only, the balance of trade was turned against us \$407,000. In 1854 our annual product of iron was 1,015,000 tons, yet in 1861, after sixteen years, with an increase of population, with free trade and the world's markets, we were \$407,000 behind, and our annual iron product had decreased more than half.

England having our ports open to her, had increased her iron product in the same time from 770,000 to 3,745,000 tons. Then came the war, and nothing gave more joy to England than Cleveland's free trade message. The south had seen slavery and free trade to wages and low wages. In four years our money was gone, the country was ruined, and we had been waged, but the government took paper, stamped it with Lincoln's face in the colors of the grass and blood of thousands and it was worth its face. It was paid. Paid by a protective tariff, during the war our mills were running, and money was being made.

Since then the development has been fabulous. Our population has more than doubled and our wealth has increased from \$400 per capita to \$1,000. In 1860 we were worth sixteen billion and England thirty. Last year our wealth was sixty-two billion, and England's forty-two. Wages have increased. By competition everything has been cheapened to the consumer. Today we consume three times as much per capita as people do in Europe and our market is worth that of 200,000,000 population in Europe. A puddler in England gets \$1.24. In Pittsburgh he gets \$5. In '67 England sold us steel for \$106 per ton that cost them \$29 to make.

Advocates of free trade are idealists, college professors, and fresh college bred men. It was forced to the notice by the seven million Germans. Natural advantages are not the stay and substance of our prosperity. Other countries have internal waterways. The democratic free trade talk is a delusion. It is free trade in republican cities and protection in democratic.

Cleveland's message is a monument of geographical tariff reform. England pays four times as much for arms as for schools, France three times, Germany eleven times, but the United States four times as much for schools as for arms.

Free trade wants reduction of the surplus but they would increase it by reducing tariffs. To reduce it, the tariff must be raised, and internal revenue tax abolished. Spirits enter into numerous articles of consumption; why should alcohol pay 300 per cent. Let the internal revenue go rather than compete with workmen of the old world. In talking on this question, I have sought not to offend the sensibility of those who differ with me, but I believe in the policy and principles of the republican party which saved the country, which restored it, and which has another duty to perform, to protect the laboringmen of America against the low conditions to which the tyranny of the old world has subjected those in other lands.

The above is a brief resume of a strong, interesting and intelligent speech delivered by a man thoroughly in earnest.

A BUM DIRECTORY.
THE NEW POLK DIRECTORY OF DULUTH A FEW CHANGES AND ROOM FINDER OF WORK.

In directory publishing as in everything else competition is needed to make any old and sleepy firm keep up to the mark. The Evening Herald has reliable information that the new directory to be issued this year by the Detroit firm of Polk & Co. will contain only about 500 more names than the Herald directory of last year.

Work is now far enough advanced on the book to show this fact. Since the competition given them by a live directory such as the Herald published last year is not troubling them this season, they have decided to waste no more work on the arduous duties of compilation and editing than was absolutely necessary and have but a small force of men at work gathering names, and even this force under charge of incompetent hands. The list of names is not only to be small but the directory is to be resorted to by the most barefaced padding and enlarging to bring it up to a little over the limit of the Herald directory last year. Had the Evening Herald believed in such a poor excuse for a directory was to be published it would have left it to the publisher to protect the people of Duluth, if indeed for no other reason.

There is not a man in Duluth, of any reasonable wide acquaintance who cannot name over in a few minutes more than enough new names in the past year to cover this ridiculous increase of 500 names or about 5 per cent. Surely were a careful canvass made the population of Duluth, instead of showing between 35,000 and 37,000 souls, as this new excuse for a directory will show, would be between 40,000 and 42,000. The increase in business, in building and all the many things that go to make a great city, show this plainly enough to anyone not prejudiced against it or too lazy to admit a truth that will give a little more work.

Duluth had, by the census of 1885, 3,450 people, by that of 1885, 18,026 by the Herald directory of 1886 25,469, and by that of last year, 35,000. And it would be folly to state or believe that it had not increased in fully as great proportion this year.

An Illogical Appeal.
"Drinking again, Uncle Wash," exclaimed the minister, reproachfully. "I thought you gave me your solemn promise the last time that this should never occur again."
"W. Mistah Gyantah!" cried Uncle Wash, in deep grief and astonishment. "Pa's pined at you, 'deed I is, sah! Prawn-miss I give you when I was dazed p'intedly biled drunk! Ah! you a minister an do say: 'W. Y. sah, I'd be 'shamed, I would, to stick to all the fool things I say when I'm drunk. W. Y. you know w't a drunken man is, seh—dese sort of saws—compas like, seh. You wouldn't have a man do like he laid out to do when he was full an tick, seh? I may be tawful, but no old fool nighgah, seh, but I done got same self-respect left, seh—Puck."

Something Bright to Remember.
He—I tell you it's hard to have to move away from the home that has sheltered

your for years—the home in which your children were born and which you have come to look upon as your home for life. She—Well, John, there are some bright things to think of.

He—Yee Matilda; but if I didn't owe the landlord two years rent things would look pretty dark—wouldn't they?—Tina.

Jacob—Yy, how is dot? "It vas de same as last year's."

Loewenstein (to his clerk)—Shacob, there vas samedinks wrong about dot interest agogout this year.

Loewenstein—Yell, dot is shoout yet brooves it wrong. I haf given 30-day notes in February and one-month notes in March and May. On dot basis I should save eight or nine days in the year.—Judge.

Rooms for Rent.
Two connecting furnished front rooms suitable for dressmaking or sleeping room and office, or for young men. Inquire at 631 West Superior street.

ELY'S CATARRH CREAM BALM.
I suffered from catarrh 12 years. The dropping into the throat was maddening. My sleep almost daily. Since first day's use of Ely's Cream Balm have had no bleeding, soreness is entirely gone. Dr. H. G. Davidson, with Boston Budget.

A particle is applied into each nostril and is absorbed. Price 25 cents at druggists; by mail registered, 60 cents. ELY'S CATARRH CREAM BALM, 65 Warren St., New York.

Single lots may be had without any cash down and three years' time to pay in by parties who will build. Lumber will be provided on same terms. Call or write.

WM. BARNETT,

1615 West Superior St., WEST END.

The Union Debenture Co.,

55 Congress and 40 Water Sts., BOSTON, MASS.

Capital Stock \$500,000.

Offers the Investment Bonds Herein Stated.

Briefly stated, these bonds are for Five Hundred Dollars each, payable ten years from date of issue, securing unequalled opportunities for saving and accumulating money, and all at a very moderate cost.

If paid annually.....\$5.00
If paid semi-annually.....10.00
If paid quarterly.....15.00

After two or more annual payments the holder should for any reason desist from further payments, the bonds would be worth at maturity an amount equal to all the yearly payments made thereon, with compound interest at four per cent.

If the ten annual payments aggregating \$50 are made, the bonds will then be worth the full Five Hundred Dollars each. All bonds, including interest receipts and payments on these bonds, are carefully invested in first mortgages on improved real estate, not exceeding one-third its unquestionable value, the whole with a sinking fund especially established therefor, being held for the redemption and fulfillment of the Investment Bonds.

Young men and women of moderate means, clerks, laborers and bookkeepers, many of whom are continually spending their money as fast as earned, are solicited to examine carefully the plan of these bonds, and note the fact that \$100 per quarter, or \$400 every six months, or \$800 per year, will produce FIVE HUNDRED DOLLARS at the expiration of ten years.

This company negotiates real estate mortgage loans, affording all the advantages of paying indebtedness in weekly or monthly installments, and embodies in its plan all the essential features of Building and Loan Associations and co-operative banks. The company charges its usual commission for negotiating these loans.

ILLUSTRATION.

The following shows the working of a \$100 loan. John Smith owing a lot worth \$200 is the holder of two Investment Bonds and desiring to build a house on his lot to cost \$100 he would create his mortgage for \$100 to the Company and assign his Investment Bonds as additional security, and as the building proceeds the Company would advance him the money less the commission, above named, and would charge him interest (say 5 per cent.) thus making the cost as follows:

Interest on loan for 10 years (at 5 per cent.)	500
Commission on loan for 10 years (at 8 per cent.)	80
Total cost in 10 years	\$1,480

being \$100 per year, or \$11.67 per month. At the expiration of ten years the bonds will be worth.....\$1,000 Deduct from total amount paid leaves balance of.....\$1,480 as the cost of a \$100 loan for ten years which is 80 per cent. per annum. All loans made by the Company are approved by the local board, consisting of three persons to be selected by the Company, one of whom will be the local banker, who shall be chairman of the board. Loans are made in sums of \$50 and upwards, the Company reserving the right to decline any application.

It is the custom of this Company to receive money on loans at any time, and borrowers can pay \$100 or a multiple thereof, paying interest as well as cancelling the indebtedness. These extra payments on loans will not affect the bonds. The simplicity of this plan commends it to all borrowers, and its popularity is evidenced by a constantly increasing demand for loans on this plan.

For further information apply to S. M. CHANDLER, Agent, Corner Superior street and Nineteenth avenue west, Duluth, Minn. LOCAL BOARD: STEVEN B. HARRIS, H. L. LEARD, J. C. HARRIS, Company's Bankers, Company's Attorney.

THE TURN VEREIN.

Duluth's Turner Society Celebrates
the Completion of its Fine
New Building.

THE PROGRAM OF THE DEDICATION.

A Brief Description of the Handsome
and Commodious Building
of the Society.

This evening there will be joy among members of the Duluth Turner society, for their fine new hall, equalled in complete appointments, in beauty and in cost, by but one in the state, is to be dedicated with appropriate ceremonies. A number of guests of the society arrived this noon from various parts of the state. It was the hope of the local society to have present delegates from every Turnverein in the state and tonight at 8 o'clock the exercises begin at the hall. The program will begin by an overture, followed by the formal turning over of the building by the building committee, Messrs. Seiler, Harg, Kugler, Annaka and Miller; the Concordia society will then sing, and a number of short congratulatory addresses made; more music, instrumental, will vary the program and an exhibition of the superb turn and acrobatic feats of the members of the society will be given. This is to be followed by a chorus tableau. A supper and dance will wind up the night's festivities. At 9:30 Sunday forenoon the members and visitors reconvene in the hall, and at 2 o'clock a special train will convey them to the picnic grounds at Tischer's creek. At 8 o'clock tomorrow evening the ceremonies will close with a drama, given by the members of the local society.

The new building, located on the corner of Sixth avenue east and Third street, was begun several months ago, with the expressed intention of making it one of the finest and most complete structures of the kind in the West. It is 50x100 feet in size and three stories in height, handsomely built of wood at a total cost of about \$12,000. On the main floor are a committee room, a library, a dining room and kitchen and three stores each 24x50 feet, the latter facing on Sixth avenue. Both upper stories are occupied by the large hall and its dressing rooms, chambers and ample stage. The hall itself is 42x50 feet with gallery and will seat comfortably 700 people. A large stage is well furnished with new scenery and dressing and retiring rooms for both ladies and gentlemen are handsomely fitted up.

The structure is built with great care and very strongly so that the large amount of gymnastic apparatus intended to be put in may be accommodated. It is the intention of the society to hire a trained instructor in gymnastics and to form classes for the bodily training of both sexes. This will be done very soon and the society will soon take the former place as one of the leading turning organizations in the state. There is at present a membership of 63, more than at any time since the fire of November 1886, which swept away the former hall. Its officers are Dr. Seiler, president; J. Dwarochuk, vice president; P. S. Annaka, secretary; H. Harg, E. Kugler and A. Bartholdi, trustees.

IT'S RESULT.

THE SALE OF THE DELTA, SOUTH SHORE & ATLANTIC CONTINUED—NOW IT WILL RESULT.

A well-known railroad man speaking of the sale of a controlling interest in the Duluth, South Shore & Atlantic said this morning: "The report of this sale, which I do not believe was credited at first, has been apparently confirmed by no less an authority than Calvin S. Brice, of Ohio, with Mr. Thomas, of New York, was the financial backing of the road. There is little doubt that as soon as the Canadian Pacific railway gets ready for business it will give up the connection via the North shore Pacific tracks into Duluth and build a line into your city from the east. It also has a scenic scheme on foot which, if carried out will be of great importance to Duluth. As all Duluthians remember, it was Jay Cooke's idea that the Northwest Territories and all country west of Winnipeg could reach the Atlantic coast in a shorter line by coming south-east to Duluth, then along the south shore of the lake and on through Canadian soil from the Sault, than by the north shore route. From Winnipeg to Duluth is less distance than from Winnipeg to Port Arthur, and from Duluth to Montreal and Quebec via the South shore and C.P.R. is less distance than via the north shore line of the C.P.R. and on eastward, making a very considerable difference in favor of Duluth and the south shore in point of distance, besides avoiding the 1200 miles of track through country absolutely unproductive and useless. The Canadian Pacific knows these facts and will build to Duluth from Winnipeg and use this city in its through western line for the great bulk of its business instead of its present north shore road, provided the sale goes through. Duluth will then be fitted both summer and winter so that any interstate commerce will have little effect upon her. Canadian freight will be shipped through in bonded cars, and this city will become a great point for the importation of all goods from Eastern Canada and Great Britain consigned to the west and south west."

AMUSEMENTS.

STAGE TALK.
Lost in London appears on the 23d and 24th. It is said to be a fine company, and brings a large amount of scenery.
Pittsburgh outplayed the Hemlockers at all points in two games yesterday. Radbourne pitched in the first game for Boston and the score was 6 to 0.
Unless a stock company can be formed before Tuesday and \$3000 raised the Minneapolis club of the Western league turns up for toes. The league does not appear particularly fortunate. Chicago Maroons will be the next to go. The old Northwest league, which Duluth formed, had better stuff in it.

RICHARD THE THIRD.
Richard Foote expected and prepared for a large audience last night and he got it. Not only was the audience large but it was appreciative and cultivated, and thoroughly pleased before the close of the evening. The entertainment was begun by the recital of "The Belle" by Mr. Foote, which was given well, though slightly theatrical. An act from "Marble Heart" followed, and succeeding it was a pleasing selection from "The Happy Fair." The programme closed with the second act of Shakespeare's Richard III, a selection well fitted to close the evening, not only because of its great merit, but because of the remarkably fine manner of its rendition. Another performance will be given soon.

CHURCH SERVICES.
Bethel Tent—C. C. Salter, pastor. Land a Hand 10:30 a. m. Sunday school 3 p. m. Illustrated Lecture 8 p. m. "The Guide." Gospel Meeting 8 p. m.
At the Christian church Fourth street and Fourth avenue west, there will be preaching at 10:30 a. m. and 8 p. m. by the pastor F. M. Greer, he having returned from the East.
Rev. E. M. Noye will preach at the Congregational church tomorrow morning on "Holding the Truth to Unrighteousness" and at the evening service will give a report of the great convention of the Societies of Christiana Endeavor held in Chicago last week.

Money to Loan
On all goods of value.
C. A. KLEN,
Pawnbroker, corner Superior street
and First avenue west.

225 and 227 West Superior Street, Duluth.

Our store will be closed from Saturday night until Tuesday morning at 9 o'clock, taking our semi-annual Inventory, which we will open our doors and inaugurate the Greatest Boom Bargain Sale that ever were seen or known in the United States. It will shake the Duluth Clothing interests to the very foundation; and why? Because we will sell goods during this wonderful sale at less than any wholesale house in America can produce them for. And in addition as a sensational advertisement we will distribute in front of our store, at 8:45 sharp in the morning,

FREE 100 CHILDREN'S, BOYS' and MEN'S SUITS FREE
GIVEN AWAY
FOR THE BENEFIT OF THOSE WHO ARE UNABLE TO BUY THEM.

We have been doing a big business all season, but still find ourselves overstocked and are willing to sacrifice in order to convert goods into CASH and make room for our Mammoth Fall Stock now in process of manufacture. We miss our guess if this sale don't crowd our store from opening until closing hours, for all clothing will be sold at actual manufacturer's cost. The Great Eastern will contain tired salesmen during this Cheap Sale; that is, if the public appreciates saving money. In order that all customers shall receive proper attention during this great rush, we will put on five additional salesmen. We have found that the short way, quick way, direct and only way to reach the soft spot in the American heart is to keep in stock goods they want and to sell them cheaply, doing business strictly on merit.

Men's Suits.

THREE MARVELOUS SUIT SALES:

All \$10, \$11, \$12 and \$14 Suits for **\$7.50**

Walker's Military Band will give a grand concert in front of our store Monday Evening, July 16.

DEFECTIVE PAGE

W I S DULUTH.

ALREADY DECIDED.

BUT THE ATTORNEYS SAY THAT THE DECISION IS WITHHELD FOR POLITICAL REASONS.

The settlers on the Cloquet lands and who are at present in litigation with the Northern Pacific railroad over the validity of their claim to these lands, say that they have been informed by the attorneys, both for the railroad and themselves, that a decision has already been decided regarding these lands, but that it has not been given publicly for political reasons. The attorneys say these lands are in the Northwest to have such a manifestly unjust decision given this early in the campaign.

OF GENERAL INTEREST.

The exterior of the Miller block is nearly completed.

L. Q. Jonte, a surveyor, has opened an office in the Donnell block.

A store building is being erected on lot No. 101 west Superior street.

Over two hundred and fifty attended the strawberry festival at the Swedish Baptist church last evening.

The Harrison and Morton ratification meeting takes place this evening in Svea hall. Hon. D. G. Cosh and Page Morris will be the orators of the evening.

It is understood that on account of ill health, Mr. Olafson will dispose of his grocery and dry goods business in West Duluth. His many friends will be sorry to hear of his determination.

The Cox broom factory will be removed to First street, Mr. Cox having recently purchased a lot on that street. The business has increased to such proportions that the present quarters are entirely too small.

One of the workmen on the retaining wall of the Adams school lot came near losing his life this morning. The blast had already been arranged for explosion. All the others had gone and he remained, on conscious of his danger. He started to run just as the blast occurred and a piece of rock, weighing perhaps 40 pounds, just grazed his head.

PERSONAL MENTION.

Trade and Fudge have returned from St. Paul.

H. Brown, Lake City, Minn., is registered at the Clarendon hotel.

A brother-in-law of Dr. Magie, from Illinois, is in the city for a short stay.

Miss Eliason, a St. Paul lady, is visiting for a short time with Cashier Stevens.

WEST SUPERIOR.

R. L. Eaton, of Chicago, was in the city yesterday.

The work of taking the school census of West Superior will be finished today.

E. F. Wells, has accepted a position with the West Superior Iron and Steel company as cashier.

The contract for the new foundry will be let today. This building will cover a space 40x500 feet.

There will be a special meeting of Terminal Lodge No. 37, at the R. of P. hall this evening.

Miss Adams has accepted a position as book-keeper in the private house of J. Miley, on Ogden avenue.

The West End Methodists have decided to join with the East End on the excursion to Two Harbors Monday.

Rev. F. T. Rouse will hold services at the Congregational church tomorrow at the usual hours. Subject for evening, "Ingersoll and Gladstone on Christianity."

Chief McKee arrested a crook, formerly of Ironwood, Michigan, yesterday and placed him in the city jail. His name is R. Opel and he is wanted at Ironwood for tampering with \$200 not his own.

Edward Erickson, who was arranged before Judge Rogers yesterday on the charge of making an assault upon the person of Nels Johnson, with intent to do great bodily harm, was held in \$2,000 bonds to the next term of circuit court.

Rev. J. E. Webster, returned from his visit to Minnesota yesterday, and will hold services at the Opera house Sunday. Subject for morning discourse, "Character Building." Subject for evening, "Joseph or the Successful Young Man."

The Republican club held an enthusiastic meeting last evening at the council room. The constitution was so amended as to have the regular meetings of the club held once in two weeks. The club now has a membership of one hundred and fourteen and is in a prosperous condition.

The Royce-Lansing Comedy company at the Grand, Monday evening, promises to be entertaining. This is what the Daily News says of them: "All that has been written to the credit of the Royce-Lansing Comedy company is justly merited, for their entertainment last night was one of the most unique ever given in this city."

N. P. JUNCTION.

The county commissioners meet on Monday next.

Miss Nina Welch left for her home in Pine City on Thursday.

Rev. J. A. Page returned from his California trip on Thursday evening, services will be held in the church on Sunday next of year.

A painting class is to be organized at Thompson next week, the pupils will be instructed by the artist of Duluth. Quite a large number intend taking lessons.

A dance was given in the Hayes hall on Tuesday evening, an Italian band furnished the music, which was good. Quite a number participated in the dance, which was a success.

A sociable was held in the Dramatic hall on Wednesday evening, the proceeds of which were donated to the Sunday school, there was a very fair gathering, present, a short musical and literary programme was given, a good deal of fruit was sold, and general sociability prevailed. A cake was voted to the most homely gentleman, and the best looking lady present, which caused a good deal of fun. The proceeds were understood were very satisfactory.

ASSESSMENT NOTICE.

WEST SECOND STREET.

Sewer.

Office of City Comptroller, Duluth, Minn., July 14, 1888.

Notice is hereby given to all parties interested, that an assessment has been made by the Board of Public Works of the city of Duluth, Minnesota, and confirmed by the Hon. O. P. Stearns, Judge of the District Court of the Eleventh Judicial District, to defray, in full, the expense of constructing sewer in Second Street from Lake Avenue to Sixth Avenue west, and sewer outlet in Third Avenue west, from Second Street to First Street and that a duplicate assessment roll has been delivered to the city treasurer and that the amount assessed against each lot or parcel of land can be ascertained at the office of the city treasurer, and that the assessment is due and payable, and if paid within thirty days there will be allowed a deduction of the ten (10) per cent charged to the amount of the assessment for survey, plans, specifications and superintendence.

J. J. C. DAVIS, City Comptroller.
